FROM THE FACTORY TO YOUR HOME, PROFESSIONALS DEDICATED TO PROVIDING YOU PEACE OF MIND

York designs its products to offer comfort, safety and reliability at all times. This is why they rely on a network of certified contractors with the best technical knowledge for the installation of their systems. They will help you select the best suitable equipment for your home and will install your system for maximum reliability and performance.

This network of certified dealers is supported by The Master Group, the largest independent distributor in the field of HVAC-R in Canada. For nearly 65 years, The Master Group has distinguished itself for its extensive inventory, exceptional customer service and technical expertise. An additional insurance of peace of mind for many years.

QUALITY IS SOMETHING WE TAKE PERSONALLY

We design and build York products here in North America, where we can closely monitor and improve processes that directly affect quality. It's this commitment to excellence that allows us to offer outstanding warranties, meet the highest industry standards, and deliver energy saving comfort that lasts a lifetime. That's why, when it comes to home comfort, your confidence is our commitment.

With over 215,000 hours of system research, design and testing in real conditions, the new York LX Series product line has been subject to the most important industry research and testing. Much more than a new version of an existing model, the LX Series innovates and sets new quality and durability standards through its revolutionary engineering and innovative construction.
